

# AM Chair

Alberto Meda, 2016

**vitra.**

The AM Chair is the combined result of engineering skill, quality design and experience. It unites ergonomic functionality with technical elegance. Dynamic armrests and a height-adjustable back give the chair an emblematic appearance, while the slender plastic frame with a fabric or mesh cover bestows a sense of lightness and grace. At the same time, the AM Chair strictly adheres to functional requirements and eschews structurally superfluous elements.

The AM Chair is an economical tool for today's office needs. Its synchronised ProMotion mechanism automatically responds to the respective user's weight, providing optimum personalised comfort without any prior adjustments. Simple, intuitive controls can be used for additional fine-tuning. The height-adjustable backrest provides both stability and flexibility, and its ergonomic contours ensure healthy seating. The pleasantly upholstered, perfectly moulded seat provides immediate comfort when sitting down.

With numerous individual adjustment options, the AM Chair is an ideal task chair for prolonged periods of sitting at a permanent desk, but thanks to its excellent immediate comfort, it is also well suited for touchdown workstations with frequently changing users.

## Materials

- **Office swivel chair in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg).**
- **Seat mechanism:** ProMotion mechanism, lockable in upright position. Synchronised mechanism with automatic weight adjustment and manual fine tuning of backrest resistance via 180° rotation. Equipped as standard with seat height and seat depth adjustment. Optionally available with or without spontaneous forward tilt (can be disengaged).
- **Seat:** seat plate made of polyamide; contoured seat cushion made of polyurethane foam; fabric cover.

- **Back:** mesh backrest in LightNet, stretched over frame; fabric backrest in Plano (reverse side in Verso fabric, colour sierra grey). Polyamide backrest frame in deep black. Height-adjustable backrest as a standard feature.
- **Armrests:** 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth. Armrest supports in polyamide with polyurethane pads, both in deep black.
- **Base:** five-star base in polyamide (deep black) or in powder-coated aluminium (deep black). Equipped with double castors (Ø 60 mm).

**DIMENSIONS** (in accordance with EN 1335-1:2000)

# Plano Home/Office, F30

Plano is a robust plain weave with a flat, even texture. The wide palette of duotones with new, delicate washed-out shades includes many relatively neutral hues, a good number of which are coordinated with the Hopsak colour range. Thanks to its durability and longevity, Plano is also an ideal choice for office furnishings.

Plano is available in 39 colours.

# LightNet Home/Office

**vitra.**

LightNet is a subtly textured, breathable mesh fabric with a soft feel. Due to the type of weave, LightNet has a square pattern with a transparent effect in the vertical direction. This robust mesh fabric made of polyester and polyamide comes in tone-in-tone colours and is ideally suited to the demanding conditions of office environments.

LightNet is available in 3 colours.

Material	60% polyamide, 40% polyester
